PRESS RELEASE

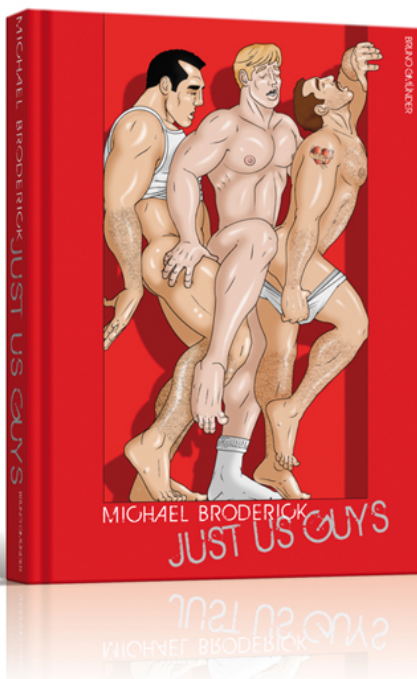

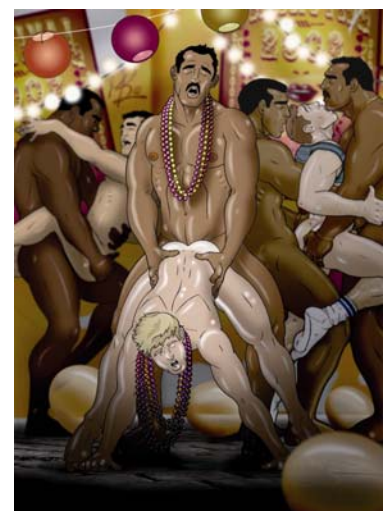

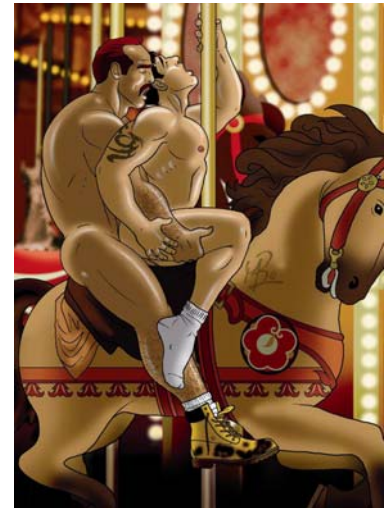

Michael Broderick Just Us Guys

Broderick's mixture of erotic sketches and colored drawings is sexy, horny, piggy – but never vulgar. He dishes out ironic digs at the comic world and traditional gay fantasies. Hot men in pin-up style and occasional fierce sex scenes that all leave you wanting more.

The reader quickly loses himself in an almost hypnotic vortex of crazy gang-bang fantasies. Whether lumberjack, policeman or construction worker, the influence of Tom of Finland is unmistakable in Broderick's art. The drawings are very American, irreverently incisive and full of humour! With JUST US GUYS Michael Broderick allows us broad insights into his fascinating work.

Michael Broderick was born in a dreary town near New York. From time immemorial he was much more interested in his sister's Barbie doll than any toy cars or football. As soon as he could he turned his back on American bourgeois small-town life and went to New York to study graphic design and illustration. After countless publications of his drawings in MEN and BLUE magazines, this is his first collection!
