### NIGHT VISIONS

VISIONS – CONTEMPORARY MALE PHOTOGRAPHY (2006) was just the beginning! The success of the first photographic anthology was huge! It strengthened us to continue the concept. We now proudly announce the publication of a new collection of male erotic photography, an anthology titled: NIGHT VISIONS – CONTEMPORARY MALE PHOTOGRAPHY. NIGHT VISIONS is a high-quality 320-paged book of contemporary male photography that combines well-known artists with plenty of promising newcomers creating a patchwork of Bruno Gmünder discovered artists such as Patrick Mettraux, David Hilliard, Eric Scot and Neil Malcolm Roberts with famous artists like Kobi Israel, Justin Monroe, Anthony Gayton and Eric Schwabel. Altogether over 60 artists contributed this project.

Readers of NIGHT VISIONS are guided by an overall theme in the anthology book. The title says it all. The theme to be in this anthology book is night. A wide variety of styles are represented and taken together to provide a good overview of today's loot of contemporary male photography. Whether romantic or fetish, sex or tenderness, staged or "street photography" – the over-arching theme always is the night.

This collection, like VISIONS is a must for anyone interested in photography!
