## GREATS\*

The continuation of a great idea: books with bestselling photography in a handy size format at a fantastic price.

### Sam Carson – First Exposure

In his first illustrated book „First Exposure“ Sam Carson displays a variety of handsome young men. None of the models shows the self-consciousness of a „first time“, in fact their joyous freedom impresses. Casual, self-confident and offensive, Sam Carson presents each and every boy in his most beautiful look.

### Jeff Palmer – Sensual Men

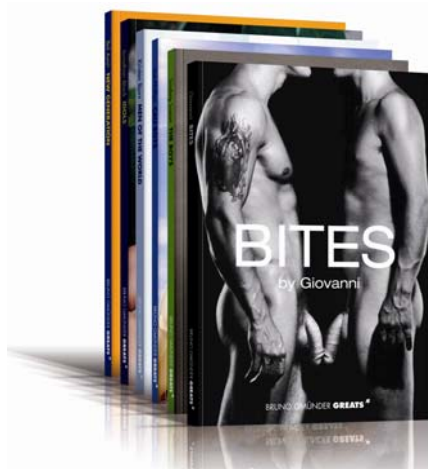

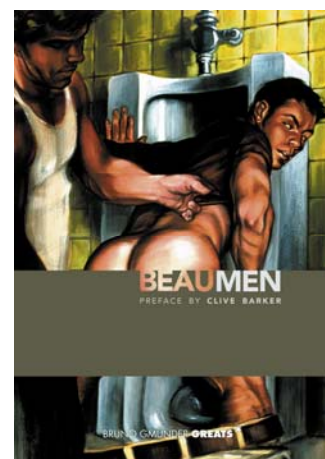

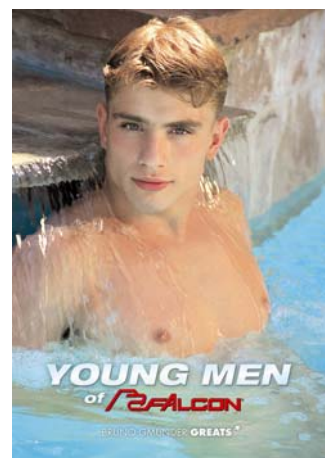

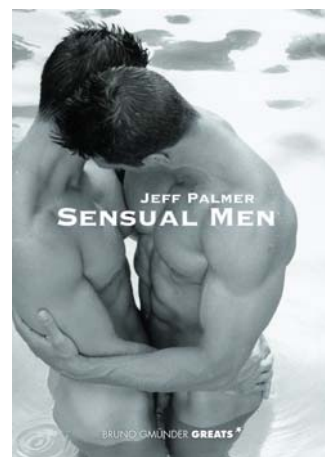

Palmer's black-and-white photographs sensitively join the voluptuousness of an erotic moment with the vital appearance of strong male bodies. The play between water and muscles contrasts soft and hard lines, thus creating a leitmotif which governs the entire book. Tranquillity and movement alternate, create a rhythm of their own, which results in innocent and unobtrusive eroticism.

### Falcon – YOUNG MEN of FALCON

These almost unbelievably perfect boys demonstrate their allure and captivate us with their charm. The picture quality is extremely high, the locations are fantastic and the men are breathtaking. The most famous gay porno label in the world understands in a unique way how to turn these delicious men into legends.

### Beau - Beaumen

Beau's images speak a unique visual language; his gay art is an exciting new discovery. His love for male meat shines through his pictures: 64 pages of hefty scenes show men play with power and submission, dominance and devotion, which are highly charged with dirty desire and fantasies.
