Dale Lazarov & Amy Colburn

MANLY

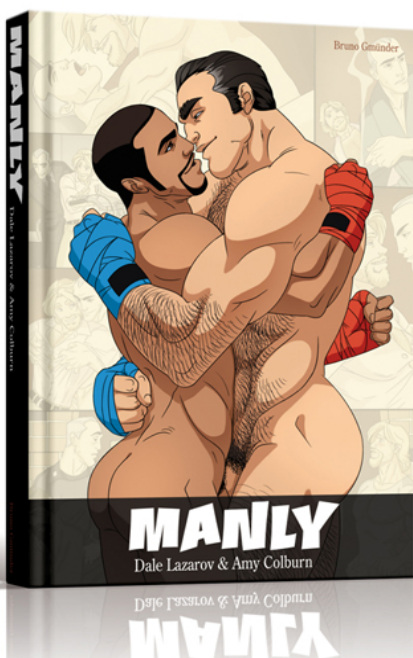

MANLY – these are dirty gay comics, although you also get a healthy dose of tender to go along with all the sex. Three stories intertwine, observing men in the best years of their lives doing what they love to do best! Dale Lazarov's sensual-sexual storyboard combined with Amy Colburn's brilliantly drawn masculine figures result in a celebration of carnal desires!

These stories get by without the use of words – their images transcend any language barriers by leaving the viewer plenty of space to let his fantasies take flight. All three of the stories reach their zenith in zesty sex adventures. A FBI agent makes an unexpected catch, a young Latino and an Irish boxer face off in the ring, and cruising in a club ultimately ends in a surprising coupling.

Dale Lazarov, who lives and works in Chicago, made a name for himself in 2006 with his comic book STICKY (with co-author Steve MacIssac). Amy Colburn lives in Virginia and has been producing homoerotic illustrations for a variety of publications for years. This is their first joint publication.
