## CAZZO's Men Factory

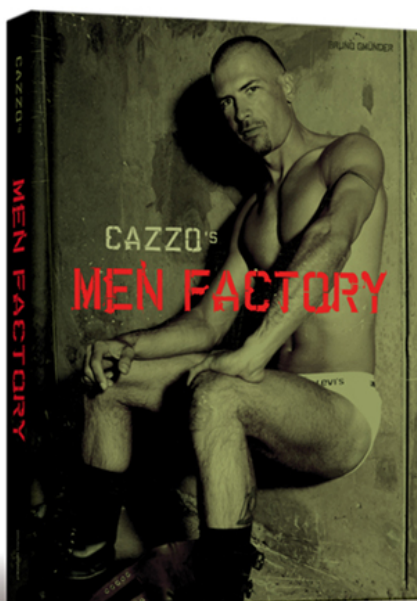

Berlin hunks have conquered the community around the world, all thanks to the work of CAZZO FILM. CAZZO was one of the first independent German porn producers and the gay erotic market would be impossible to imagine without them. The capital's hotbed of porn has given us beves of fascinating men in highly erotic – if we may, *horny* – situations, all in the typical, high-quality productions we've come to expect of CAZZO.

Dirty industrial backdrops offer plenty of space for dirty fantasies. True to this motto, CAZZO presents a stunning 80 pages of the crème de la crème of Teutonic gay porn, one after the other: Confident and debauched these hot and horny studs have shown us everything and given us their all! Uncensored, wicked and yet sensual this volume of photos presents a number of milestones of German porn.

CAZZO FILM BERLIN was founded in 1996 and has become one of the best-known gay porn production firms in Europe. They constantly surprise us with unusual ideas and settings in elaborate and sophisticated productions. CAZZO is known for sex of a rougher and harder kind, but defining them under just this aspect is difficult none the less. We are proud to present CAZZO's first photographic collection – a must, not only for fans of German gay porn!
