Patrick Mettraux

So sexy it hurts

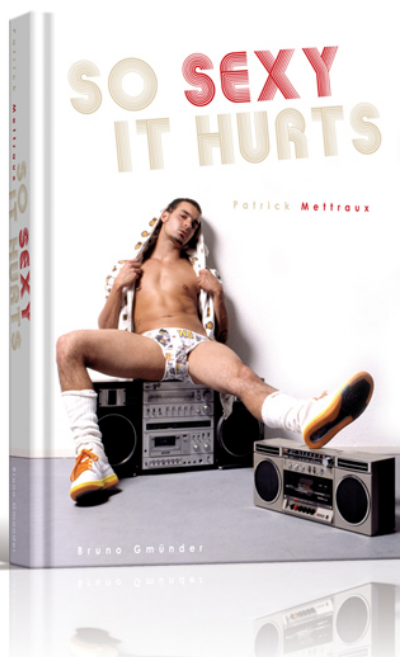

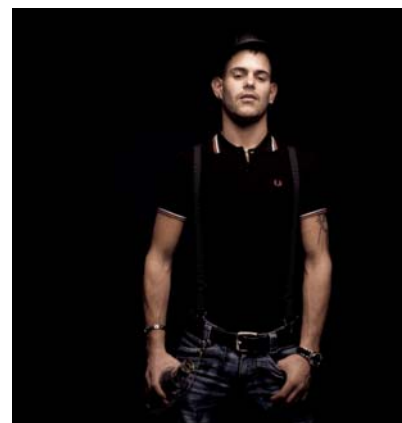

Discover a photographer who celebrates the beauty of urban youth. Wild or tender, he presents now his breathtaking work centred on a world where fashion meets erotic. Brought together for the first time, his pictures reflect the complex versatility of his sense of aesthetic.

Fans of sneakers and socks will get their money's worth in this 96-page book. These meaty men with a cocky hetero attitude playfully and provocatively show themselves to Mettraux's knowing lens. The photographer does without backgrounds more or less and makes sure his models are the focal point of his multicolored studio photographs. Bad boys and elegant models in a one-night-stand make for a completely new visual experience!

Born in Switzerland, Patrick Mettraux studied photography in Montreal, Canada. Now based in Zurich, Switzerland, he works as a freelance photographer for various model agencies and magazines. His photos and collages have lightened the pages of numerous publications with an unique and sometimes odd sense of creativity.
