## *The darker sides of lust*

Roberto Chiovitti dedicated his first photo book to the dark side of desire. The enthralling images in **Disclosed Desires** tell tales of lust and pain, of dominance and submission. These images are rough and dark, but Chiovitti's works also have a very elaborate approach: The pictures are staged very clever, provoking and unusual. With his focus on the different variations of sexual fetishes he takes up one of the most important trends of the last years to develop his very own language.

*» All the guys have shown me their dark side, something they didn't even expect. My fantasies became reality, became images—are not stuck in my mind anymore. I feel naked now too. Some of my desires are finally disclosed!« — Roberto Chiovitti*
