JIM FRENCH DIARIES **The Creator of COLT Studio**

One thing is for sure: The world of gay porn wouldn't be what it is today without Jim French, the founder of the legendary Colt Studio. The multi-faced styles of his movies and photo works influenced many directors and photographers. Beginning his professional life as an advertising artist, Jim French soon started his own studio with wonderful drawings of beefy men. What followed is an impressive career that made him one of the most acknowledged names of the business. And boy, has this man a story to tell! In **JIM FRENCH DIARIES** he talks about his life and times, about his work and his models. These models have been a perfect example of hunky maleness throughout the last five decades. Jim French's pictures of them are always stunning, no matter whether he shoots them in beefy porn style or in the classic vintage look of the 50s.

JIM FRENCH DIARIES illuminates the many faces of Colt Studio not only with countless photos but also with a lot of informative interviews revealing the exciting history behind the label.
