

*Iceman Blue***MIDNIGHTMAN**

Yeah! **MIDNIGHTMAN** has all the advantages a comic hero needs: He's good looking, muscular and has quite a bulge in his pants ... though he's far away from being as hung as his antagonists with their monstrous XXXXXL cocks. And boy, these monsters really like to play with our hero, scare him a little and—of course—fuck him almost to shreds. But nevertheless **MIDNIGHTMAN** never gets tired of adventures and happens to stumble from one breathtaking story into the next. We don't know why he always has to fight against hunky sex maniacs who evoke greedy, breathtakingly big-dicked demons with their fully loaded sperm cannons. But honestly: Do we care? The important thing is that IcemanBlue's comics are an awful lot of fun, damned horny and make you want more. And if all this wasn't enough, there are special guest drawings by Mioki, Joe Phillips and Patrick Fillion at the end of the book.

**Iceman Blue** was born in Israel and raised in the U.S.A. He studied computer animation in college, but found himself more interested in creating traditional illustrations by hand instead. Working for the mainstream comic industry, he created his internet alter ego of Iceman Blue so he could showcase illustrations of his favorite characters in more provocative poses. Soon custom commissions started coming in and what started out as a fun would take on a life of its own and become a full time job. These days, Iceman Blue is focused on creating and promoting his own original stories and concepts, such as 'Midnightman'. He currently resides in and continues to bring his fans sexy new art each and every month.
