BEL AMI

THE BLUSH OF YOUTH

This has to be love. **Howard Roffman**—one of the leading artists in gay erotic photography—obviously can't help his adoration of the boys of Bel Ami. Just like in the year before he flew out to the Slovakian rascals to follow them with his camera. And just like his last art book—*PRIVATE MOMENTS*—the result of Roffman's "holiday" is a stunning and erotic piece of art, entitled **THE BLUSH OF YOUTH**. Of course the beauty of his pictures is also the credit of the boys of Bel Ami ... after all, the label is known for signing only the hottest newcomers of East Europe. These guys are sexy and sporty, full of self-esteem and curious to discover each other. They don't have to play a role in front of Roffman's camera; they can be just who they are. And that's the unique magic of his pictures: Like no other Roffman manages to capture images of boys, their passion and their search for tenderness behind the pose. Sensitively and respectfully he documents the awakening sexuality of young men. The intimacy of his pictures, the carelessness of the models and the ease with which they explore their sexuality are the cornerstones of this delightful photo book that celebrates youth in all its beauty and glory.

Howard Roffman is chief executive of a major film company. His hobby, "taking pictures", led to many exhibitions worldwide and made him famous. The success of his numerous photo books made Roffman one of the major artists in homoerotic photography.
