Spartacus 39th Edition **INTERNATIONAL GAY GUIDE 2010**

From bay to gay with just one guide

Hot off the press, young and fresh: Here it is - the 39th edition of the **SPARTACUS INTERNATIONAL GAY GUIDE**. Once again the compact standard work confirms its status as "the travel bible for gay men". Whether as an address register for global scene goers or as a work of reference for those who are interested in international politics: Everyone can find what he's looking for in the new guide. The clever guide not only presents 22.000 addresses on 1216 pages, but also offers extensive information on the legal and social status of homosexuals in more than 120 countries.

Is that little bar in Sweden still open, where we were two years ago? Are all the Caribbean Islands really as "gay-friendly" as the holiday brochure says? Scene experts from all over the world support the editorial team in constantly updating the information in Spartacus. That's why the recent edition of this handy guide is often even more up-to-date than the internet, where information—once online—doesn't get updated and often promotes offers which no longer exist.

With the **SPARTACUS INTERNATIONAL GAY GUIDE** you'll be on the safe side! An extraordinary hotel or cheap accommodation, a hip night club or a cosy bar, even the Japanese Bear Club - the Spartacus tells you where to find it all - with clearly structured, extensive information.

- In total 22.000 addresses
- 85 city maps
- Extensive country and city texts in 5 languages (German/English/French/Spanish/Italian)
- Clear and logical layout
- Proven and clearly structured categories and code system
