Superheroes with a stunning equipment

Long gone are the times when comic heroes in the shape of ducks and mice inspired our fantasy; nowadays it needs a little more: The comic anthology *Heroes with Hardons* offers us this more—even a whole lot more! The superheroes in this book are not only masculine, strong and fearless; they also have superpowers between their muscular legs. And when they start using their special powers you better watch out!

This collection—edited by Patrick Fillion—is an impressive sample of what the **Class Comics** Universe contains. It's presented here in this beautiful book as a tribute to the small erotic comic book company that has spawned an enormous world of memorable characters and incredible, intensely sensual comic books.

» *Heroes with Hardons will seduce you and leave you begging for more.*« (Patrick Fillion, editor)
